

**BRISTOL FRIENDS OF THE ARTS  
FINE AND PERFORMING ARTS MENTORING PROGRAM**

BFA's Fine and Performing Arts Mentoring Program pairs veteran artists with emerging artists to meet goals mutually set, usually within a three month period. The mentorship can be designed as an independent study with credit for high school students, as preparation for performance or exhibition, or to further develop the skills and techniques of promising novice artists of any age.

BFA provides a \$200 stipend to the mentor and \$50 to the mentor for materials related to the mentorship. The mentoring contract must be completed prior to initiation of the mentorship and any awarding of funds.
